Dear Sir Madam,

I was very upset when I heard the name of Ballybot might be removed from the electoral boundary and given the name of a shopping centre.

I do not live in Ballybot now but grew up there as a child and that is the place I refer to when asked where I lived in Newry.

There are many people I have spoken to from the area past and present and they have the same view.

Please not change the name of my childhood.

Yours in anticipation,

John Gavaghan
