

LGD: East

Submitted by: Mr Stephen Grieve

Ref to: District, Names

The current suggestion for name is does not give any indication of where 'east' is in a UK or Ireland context. As the predominant geographical feature of the new district is Strangford Lough the name Strangford LGD would seem the most appropriate. Should there be concern that this would cause confusion with the existing parliamentary constituency East Down LGD would be another satisfactory choice, however this is not so engaging.
