Dear Mr. Mc Kenzie,

Firstly I had difficulty in obtaining your Postal Address so the suggestion I wish to make to you may be too late.

As one who worked in a Urban Council and then later In DOE Roads I often felt that Council Boundaries could be better delineated by following the Post Code Boundaries.

This would also standardize areas for other services such as Water, Sewage, Fire, Police and Health. I trust that you can look at this suggestion.

Yours Sincerely,

Wallace Mc Naul
